Do you have friends or neighbors who are curious about home education?

This is their opportunity to investigate the homeschooling world by asking questions and meeting other home school folks.

How to get started with the State will be addressed, curriculum will be displayed, Charlotte area resources will be available, and veteran homeschoolers, including representatives from the NCHE (North Carolinians for Home Education), a state organization, will be on hand to answer questions and help. Light refreshments will be served.

There will be a main speaker to encourage those attending.

This event is open to anyone who needs information and encouragement about beginning homeschooling, so mark your calendars and spread the word.
